4 NIGHTS

NGANGANE GETAWAY

Ngangane is a 17,000 ha private game reserve, about 40 km SE of Francistown. The lodge is set on the banks of the attractive Tati River, and is not far from the site of the first gold rush in Southern Africa. The Tati River has a broad, gravel bed but flows only intermittently so there are neither crocodiles nor hippos here. A shallow pool of water with a sandy beach will keep small children entertained for hours. The lodge also has its own swimming pool.

The property is home to many different antelope species; giraffe; leopard; aardwolf and the elusive brown hyaena. However, it doesn't have either lions or elephants, making this a very safe place to explore on foot or by bicycle. Guests are encouraged to explore the reserve for themselves if they wish.

Ngangane can be reached in a standard car. The reserve has small Suzuki 4x4s and e-bikes for guests to use whilst exploring the reserve tracks. For those who would prefer to explore with a guide, nature walks, game drives and night drives are offered too. Accommodation at the lodge is on a full board basis which provides all meals, use of E-bikes and Suzuki 4x4s, and all the other activities on offer.

Ngangane Lodge is about 800 km from Johannesburg, so the package includes two night's accommodation in Palapye, a convenient stopover point for those entering or leaving Botswana via Groblersbrug or Stockpoort. The accommodation in Palapye is a two bedroomed self catering cottage on a small game farm – another ideal place for children. A bush braai and breakfast supplies can be provided on request but are not included in the price.

Reaching Ngangane involves a long road trip, so this package includes detailed notes on 8 points of interest along the way. Visiting some of these may help to break the journey.
